

Constitution & Bylaws Committee

Members: Jessica Pricer, Mary Hanks, Leon Mongeau, Alicia Moss, Peggy Pricer, and John Steele. There are two other people who are waiting for the first meeting to decide for sure whether it's something they can take on.

Meetings: We are currently in the process of scheduling our first meeting.

Next Steps: My general plan as of this moment is to start with reorganizing the constitution and bylaws to make sure they confirm to the standard. We'll send out a form or survey of some kind soliciting feedback from the membership about what articles, sections and/or language we should be looking at and then we'll wade into the documents themselves. We'll be using OSEA's Governance Template as well as examples from other unions and associations. I have a Bylaws Workbook that we will also be using for reference.
